

Mayor's Message – November 2021

Fall is here and the days are getting shorter, the nights are much cooler and winter is around the corner. The colors of the trees in the Village are spectacular and herald the coming holidays. The county has reinstated a burn ban, vegetation is drying out and the high, gusty winds should be a sign for everyone to use extreme caution to prevent grass fires. Be cautious and let's keep the Village a beautiful and safe place to live.

The **Texas A&M Forestry Service** continues to work on Village property on South Timbercreek Dr. across from the Fire Station clearing dead trees and brushy undergrowth. The Forestry Service has cleared a large portion of this lot and work should be completed by Thanksgiving. Remember that the cut sections are available to any resident who wishes to collect and remove them. This lot will be a good example on how to abate the dangers of wild fire and reduce unwanted vegetation. The Village owes a big "thank you" to the Forestry Service for a job well done.

GARDEN CLUB: Chili Cook-off

The Chili Cookoff was a huge success and the Garden Club raised most of the funds needed to complete the new bridge panels. If you have not seen an example of the new bridge panels, the first one has been installed at the NW corner of the bridge. We appreciate Larry Naiman, Ron Mastick, the Garden Club and many others who are working to improve the image of our bridge.

New Bridge Panel

ABATING SOIL EROSION AT THE FIRESTATION

Work continues on the erosion abatement at the Fire station. More rock is to be delivered this week and the hope is that the weather will hold and the rock moved in place before winter weather moves in.

BOARD MEETING – November 11, 2021
